Revenue

General Information

What is the purpose of estimated tax payment vouchers?

The purpose of the payment vouchers is to provide a means for paying any taxes due on income which is not subject to withholding. This is to ensure that taxpayers are able to meet the statutory requirement that taxes due are paid periodically as income is received during the year.

Note: You can now make your estimated tax payments online and verify previously made estimated tax payments. Go to www.mass.gov/dor and click on Web Services for Income for more information.

Who must make estimated tax payments? Generally, you must make estimated tax payments if you expect to owe more than \$400 in taxes on income not subject to withholding. Every individual resident or nonresident is subject to these requirements, as is a recipient of unemployment compensation who does not choose voluntary state withholding on those payments. A partner must make estimated tax payments on his/her distributive share of the partnership income. Similarly, a shareholder of a Massachusetts S corporation must make estimated tax payments on his/her distributive share of the S corporation income. Nonresident partners and S corporation shareholders who elect to file on a composite basis must make estimated tax payments under the identification number of the partnership or S corporation. For more information, see Nonresident Income Tax Regulation 830 CMR 62.5A.1. A resident grantor treated as an owner of a grantor-type trust and a resident beneficiary subject to tax at the beneficiary level pursuant to M.G.L. c. 62, sec. 10(h) also must make estimated tax payments. However, estimated tax payments made on behalf of nonresident grantors of grantor-type trusts and nonresident beneficiaries subject to tax at the beneficiary level under M.G.L. c. 62, secs. 5A and 10(h), must be made by the trustee on Form 2-ES.

Are there penalties for failing to pay estimated taxes? Yes. An additional charge is imposed on the underpayment of any installment of estimated tax for the period of that underpayment. Use Form M-2210 when filing your annual return to determine the amount of any penalty due or if you qualify for the exceptions that avoid the penalty.

When and where do I file estimated tax payments? Generally, your estimated tax may be paid in full on or before April 15, 2007, or in equal installments on or before April 15, 2007; June 15, 2007; September 15, 2007; and January 15, 2008. Make your check or money order payable to the **Commonwealth of Massachusetts**. Please write your Social Security number in the left hand corner on your check or money order. Send a completed voucher with each payment to ensure accurate crediting to your account. Vouchers should be mailed to **Massachusetts Department of Revenue, PO Box 7007, Boston, MA 02204**. Do not mail your payment with your prior year's annual return.

If you pay your full estimated tax with your first payment voucher, you need not file the remaining payment vouchers unless your income increased during the year and you need to increase your estimated payment amount.

Are there exceptions to the due date? Whenever a due date falls on a Saturday, Sunday or legal holiday, the filing and pay-

ment may be made on the next succeeding business day. If your tax year is not on a calendar year basis, enter due dates on each voucher to correspond with your fiscal year. Your due dates will be the 15th day of the fourth, sixth and ninth months of your fiscal year and the 15th day of your next fiscal year.

What if my tax liability changes during the year? Even though you may not expect to owe estimated tax payments, your income or deduction(s) may change during the year so that you will be required to make estimated tax payments. In such case, the payment dates are as follows: June 15, if the change occurs between April 1 and May 31; September 15, if the change occurs between June 1 and August 31; next January 15, if the change occurs after August 31. Use the enclosed Amended Computation Worksheet if, during the year, you find that your estimated tax is substantially increased or decreased. The estimated tax may be paid in full at the time of filing your first payment voucher or in equal installments on the remaining payment dates. Be sure to use the appropriate voucher for each date.

What if we want to make joint payments? A husband and wife may make joint payments of estimated tax as long as they are married at the time when the payments are due and not separated by a decree of divorce or separate maintenance. If a joint payment is made but a joint return is not filed for the taxable year, they may treat the payment for such year as the estimated tax payment of either spouse, or it may be divided between them in such a manner as they may agree. The combined total cannot exceed 100% of the estimated tax payments.

What if I credited my 2006 overpayment to 2007 estimated taxes? If you overpaid your 2006 income tax and elected to apply it as a credit to your 2007 estimated income tax, the amount of overpayment may be applied in whole or in part to any installment period. If any overpayment credit remains, apply it to the next installment.

Be sure to enter the overpayment credit in col. c of the enclosed Record of Estimated Tax Payments. If the credit equals or exceeds your full estimated tax liability for 2007, you need not file the payment vouchers. Send a payment voucher to the Department only when you are making a payment.
